Preparations for this at tack were in progress several days. I is believed the attack was under the personal direction of Aguinaldo.

Gen. Otis may be able to renew as soon as possible active operations against the insurgents the War Department has issued special orders directing the immediate preparation of transports to carry to the Philippines nearly 4500 more troops. The first step in this direction was taken yesterday, when the Quartermaster's Department rechartered the Zealandia and Valencia for service between San Francisco and Manila. In order that there shall be no delay in fitting up the transports now at San Francisco, special orders have been telegraphed Col. Long, superintendent of the army transport service at San Francisco. This order says in part: "Make a special effort to have the Zealandia refitted as quickly as possible for the return to Manila. It is very important that the Sheridan, Pennsylvania and Zealandia be ready for service at the earliest date practicable."

The War Department announces that the Zealandia will sail from San Francisco on June 22d. The Pennsylvania will sail on the 24th.

The Campaign on Luzon - After Four Months of War-Gen. Otis and Gen. Miles.

These ineffective little campaigns make up one great, useless waste of American lives, and the country is growing weary of the spectacle. "It ought to be ended.
